

Commercial Automatic Ice Cube Maker

This commercial ice maker is designed for high-volume ice production. It features a stainless steel exterior, automatic cleaning cycle, and adjustable ice thickness.

Overview

Professional Ice Production

This commercial-grade automatic ice maker is engineered for high-volume environments such as restaurants, bars, and hotels. It features a durable stainless steel exterior that ensures both hygiene and longevity in demanding settings. With an energy-efficient cooling system and an automatic cleaning cycle, it provides a reliable, low-maintenance solution for producing clear, hard ice cubes.

Performance

Ice Type	Clear, hard ice cubes
Customization	Adjustable ice thickness, Adjustable production settings

Maintenance & Design

Maintenance

Automatic cleaning cycle • Easy operation

Exterior Material	Stainless Steel
