

# Commercial Beverage Display Freezer

This beverage display freezer is designed for showcasing drinks and snacks. It features a glass door for clear visibility, adjustable shelves for flexible storage, and an energy-efficient cooling system.

## Overview

### Compact Commercial Display Solution

This compact beverage display freezer is engineered for professional environments requiring efficient, space-saving cooling. With its adjustable temperature control ranging from 0-10°C, it provides versatile storage options for various beverages and perishable items. The unit features a robust compressor cooling system and is designed with an emphasis on energy efficiency for 24/7 operation.

## Technical Specifications

Cooling System	Compressor-based
Temperature Range	0-10°C
Refrigerant	R134a / 45g
Climate Class	N

## Electrical Requirements

### Power Performance

<b>82 W</b> Input Power	<b>0.85 kWh/24h</b> Daily Consumption
----------------------------	--

Voltage Compatibility	AC110V/60Hz, 200-240V/50Hz
-----------------------	----------------------------

## Dimensions and Weight

### Unit Dimensions

Dimension Type	Measurement (W x D x H)
Product Size	420 x 460 x 793 mm
Inner Size	350 x 325 x 515 mm

### Weight

<b>22 kg</b> Net Weight	<b>25 kg</b> Gross Weight
----------------------------	------------------------------
