

Commercial Beverage Display Refrigerator

This beverage display refrigerator is designed for commercial and residential use. It features a glass door and interior shelving to showcase drinks and keep them chilled.

Overview

Professional Beverage Display

This compact beverage display refrigerator is engineered for commercial reliability, featuring an adjustable temperature range of 0-10°C to keep drinks perfectly chilled. Its efficient compressor cooling system and glass door design make it an ideal solution for showcasing products in retail or hospitality environments. With a user-friendly manual temperature control and a space-saving footprint, it offers a practical cooling solution for high-traffic areas.
