

# Commercial Beverage Display Refrigerator

This beverage display refrigerator is designed for showcasing and chilling drinks. It features a glass door, illuminated graphics, and an internal refrigeration system to maintain optimal cooling temperatures.

## Overview

### Professional Beverage Display

This compact commercial beverage display refrigerator is designed for high-visibility product showcasing in retail, bar, and restaurant environments. Featuring a robust compressor-based cooling system, it maintains precise temperatures between 0-10°C to ensure drinks are perfectly chilled. Its efficient design includes an illuminated glass door and a compact footprint, making it an ideal solution for countertop or limited-space merchandising.

## Performance & Cooling

Cooling System	Compressor
Temperature Range	0-10°C
Refrigerant	R134a/40g
Climate Class	N

## Electrical Specifications

### Daily Power Consumption

**0.7 kW-h/24h**

Power Usage

Voltage Compatibility	AC110V/60Hz, 200-240V/50Hz
Input Power	82 W

## Dimensions & Logistics

### Weight

Type	Weight
Net Weight	19kg
Gross Weight	21kg

### Container Load Capacity

- 195pcs/20GP
- 390pcs/40GP
- 390pcs/40HQ

Product Dimensions (W*D*H)	400*415*733mm
Internal Capacity Dimensions	330*275*470mm
