

Commercial Beverage Display Refrigerator

This compact beverage display refrigerator is designed for commercial or residential use. It features a transparent door for easy product viewing, adjustable shelves, and temperature control.

Overview

Compact Commercial Beverage Display

This compact beverage display refrigerator is designed for efficient cooling and high-visibility merchandising. Featuring an adjustable temperature range of 0-10°C, it is suitable for keeping a variety of drinks chilled and ready for service. Its small footprint and transparent door make it an ideal solution for retail counters, offices, or specialized display needs.
