

Commercial Beverage Display Refrigerator

This beverage display refrigerator is designed to showcase and cool drinks in commercial or residential settings. It features a glass door and interior shelving.

Overview

Compact Commercial Cooling Solution

This compact beverage display refrigerator is engineered for efficient cooling in commercial environments. Featuring manual temperature control ranging from 0-10°C, it provides reliable performance for showcasing drinks. Its energy-efficient design consumes only 0.7kWh per 24 hours, making it an ideal choice for point-of-sale displays or small retail spaces.
