

Commercial Beverage Display Refrigerator

This beverage display refrigerator is designed for commercial or residential use. It features a transparent glass door, adjustable shelves, and an efficient cooling system to maintain optimal temperatures.

Overview

Compact Commercial Cooling Solution

This commercial beverage display refrigerator is designed for efficient, space-saving cooling in retail, cafe, or hospitality environments. Featuring a high-performance compressor cooling system, it maintains a precise temperature range of 0-10°C to keep beverages perfectly chilled. Its compact footprint ensures it fits easily into tight spaces while offering organized storage for various bottle and can sizes.
