

Commercial Beverage Display Refrigerator

This beverage display refrigerator is designed for showcasing and cooling beverages in commercial settings. It features a transparent glass door, interior shelving, and a temperature control system.

Overview

Compact Commercial Cooling

This compact commercial beverage display refrigerator is designed for efficient cooling and attractive product showcasing in retail environments. Featuring a reliable compressor cooling system, it offers adjustable temperature controls to keep beverages perfectly chilled between 0-10°C. With its energy-efficient operation and durable construction, this unit is an ideal solution for convenience stores, cafes, and office breakrooms.
