

Commercial Beverage Display Refrigerator

This compact display refrigerator is designed for chilling and showcasing beverages. It features a glass door, stainless steel exterior, interior shelving, temperature control, and built-in lighting.

Overview

Professional Beverage Display

This compact commercial beverage display refrigerator is engineered for optimal cooling performance, featuring a manually adjustable temperature range of 0-10°C. Designed with a glass door and interior lighting, it provides excellent product visibility for retail or hospitality environments. Its efficient compressor-based cooling system and compact footprint make it an ideal solution for showcasing chilled beverages in limited-space settings.

Technical Specifications

Cooling System	Compressor-based
Temperature Range	0-10°C
Refrigerant	R134a/45g
Climate Class	N
