

Commercial Beverage Display Refrigerator

This compact refrigerator is designed for commercial use. It features a transparent door, adjustable shelves and internal lighting, ideal for showcasing drinks.

Overview

Compact Commercial Cooling Solution

This commercial beverage display refrigerator is engineered for efficient cooling and high-visibility product showcasing in retail environments. Featuring a robust compressor-based cooling system, it offers precise manual temperature control between 0-10°C to ensure beverages are served at the ideal temperature. Its compact footprint makes it an excellent choice for countertop or under-counter placement in cafes, convenience stores, and hospitality settings.
