

Commercial Conveyor Dishwasher

This commercial conveyor dishwasher provides quick and efficient cleaning for high-volume dishwashing needs. Its two-sided workbench and adjustable speed settings enhance operational convenience.

Overview

High-Capacity Commercial Dishwashing Solution

This automated conveyor dishwasher is engineered for high-volume food service environments such as hotels and large restaurants. Featuring a robust stainless steel construction, it ensures hygiene and long-term durability while optimizing space. The system utilizes a high-pressure spray mechanism and efficient water filtration to deliver consistent, thorough cleaning results for large quantities of tableware.

Performance Metrics

Washing Capacity

2500 pcs/H
Maximum Capacity

1500 pcs/H
Minimum Capacity

Water Consumption

450 L/H

Technical Specifications

Dimensions	3500 x 920 x 1400 mm
Total Power	68.48 kw
Voltage	380V

Operation & Features

Cleaning Method	Up and down high pressure spray
Tableware Arrangement	Oblique insertion, Tiling
