

# Commercial Cool and Heat Display Showcase

This commercial showcase is designed to display products while maintaining optimal temperatures. It features built-in LED lighting and a front-loading water tray.

## ADDITIONAL IMAGES

## Product Overview

### Versatile Commercial Display Solution

This commercial cool and heat display showcase is designed to provide optimal visibility and temperature control for retail environments, convenience stores, and restaurants. Featuring a versatile dual-temperature system, it can maintain cooling between 2-8°C for beverages and heating between 30-50°C for warm products. Its robust construction includes a thick foam layer for insulation, double-layer hollow glass doors to minimize condensation, and adjustable shelving to accommodate various product sizes.

## Technical Specifications

### Cooling Temperature

**2 °C**

Min Cooling

**8 °C**

Max Cooling

### Heating Temperature

**30 °C**

Min Heating

**50 °C**

Max Heating

Refrigerant

R134a, R600a, CFC-free

## Design & Construction

### Available Colors

White • Black • Custom

Exterior Material

Heavy duty painted steel

Interior Material

White painted aluminium

Door Construction

Double layer hollow glass

## Features

### Convenience Features

- Vertical LED internal lighting
- Adjustable shelving
- Self-evaporation water tray
- Lock and key security
- 4 strong casters for mobility
- Customizable light box advertising patterns
