

Commercial Dishwasher and Sanitizer

This appliance combines dishwashing and sanitizing functions in a single unit. It is designed for use in commercial kitchens to clean and disinfect dishes and utensils.

Product Overview

Professional Sanitization Solution

This industrial-grade commercial dishwasher and sanitizer is engineered for high-volume environments requiring rigorous hygiene standards. Designed for efficiency and durability, it ensures rapid cleaning cycles without compromising on sanitization quality. This unit is an essential asset for professional kitchens and facilities prioritizing operational reliability and cleanliness.

Technical Specifications

Cylinder Design	V-twin cylinder
Model Identifier	V-1.0/8-PA

Key Features

Included Components

- Electric motor
- Pressure regulator
- Protective cage
- Vibration-dampened base

Build Features	Heavy-duty, Industrial-grade, Vibration-dampened base, Protective safety cage
