Product Overview

Versatile Commercial Display Solution

This dual-function commercial showcase is designed to provide both cooling and heating capabilities, making it an ideal choice for convenience stores, supermarkets, and cafes. It features an adjustable temperature range of 2-8°C for refrigeration and 30-50°C for warming, ensuring optimal storage conditions for a variety of food and beverage products. With its sleek design, vertical LED illumination, and customizable top light box, this unit is built to maximize product visibility and commercial appeal.
