

# Commercial Floor Scrubber Dryer

This floor scrubber dryer is designed for effective cleaning of hard surfaces. It combines scrubbing and drying functions to leave floors clean and ready for immediate use.

## ADDITIONAL IMAGES

## Product Overview

### Compact Commercial Scrubber Dryer

This professional-grade scrubber dryer provides an efficient, all-in-one solution for maintaining hard floors in busy commercial environments. Its compact design ensures superior maneuverability in tight spaces, such as retail aisles, schools, and healthcare facilities. By combining scrubbing and drying in a single pass, it leaves floors safe, clean, and immediately ready for foot traffic.

## Key Features

### Key Operational Benefits

- Integrated scrubbing and drying in one pass
- Adjustable pressure rear water suction for effective recovery
- Simplified operation panel for quick user training
- Compact form factor for high maneuverability

## Technical Capabilities

### Power Configuration

Dual Battery System • Extended Runtime

### Suitable Environments

Retail Stores, Hospitals, Schools, Warehouses
