Product Overview

High-Efficiency Commercial Frozen Yogurt Machine

This commercial-grade frozen yogurt machine is engineered for high-volume environments such as hotels, restaurants, and chain stores. It features dual independent freezing cylinders, allowing for the simultaneous preparation of two different flavors to maximize efficiency and variety. Constructed from durable stainless steel, the unit ensures hygiene, easy maintenance, and long-lasting performance in busy service settings.

Technical Specifications

Freezing System	Dual Independent Cylinders, High Refrigerating Efficiency, Transparent Lids, Rotating Blade System
Material	Stainless Steel
Mobility	Yes
Control Interface	Digital Controls

Maintenance & Cleaning

Cleaning Station Components

- Dual sinks
- Spray faucet
- Specialized dispensing component attachments

Customization

Electrical Configuration

Adjustable Voltage • Adjustable Frequency • Adjustable Power
