

Commercial Ice Cream Display Freezer

This commercial ice cream display freezer is designed for retail use. It features a sliding glass door, internal shelving, integrated lighting, and space for branding.

Product Overview

Professional Commercial Display Freezer

This compact commercial ice cream display freezer is engineered for high-performance retail environments, including convenience stores and cafes. It features a robust design with an aluminum alloy interior, a heated glass door for clear product visibility, and precise electronic temperature control. With a 70L capacity and efficient cooling technology, it ensures your frozen inventory is kept at optimal temperatures between -18°C and -25°C.

Technical Specifications

Key Performance Metrics

70 L Capacity	-18 °C Min Temp	-25 °C Max Temp	1.8 A Current
-------------------------	---------------------------	---------------------------	-------------------------

Electrical Requirements

Parameter	Specification
Voltage/Frequency	AC220V 50Hz / AC110V 60Hz
Daily Energy Consumption	2.0 KW.H/24H
Refrigerant	R134a / 95g
Climate Type	N/ST

Dimensions & Weight

Unit Dimensions

Type	Dimensions (mm)
Internal	455 x 405 x 455
External	595 x 570 x 835
Packaging	660 x 645 x 740

Weight

- Net Weight: 46 KG
- Gross Weight: 50 KG

Construction & Features

Additional Features

- Electronic digital temperature controller
- Adjustable plastic-coated shelving
- Aluminum frame heated glass door
- Integrated door lock
- Customizable exterior colors
- Customizable adhesive branding

Construction Materials

Powder-coated Sheet Metal Exterior, Aluminum Alloy Interior, Copper Tube Evaporator, External Condenser
