Product Overview

Professional Ice Cream Display Solution

This commercial ice cream display freezer is engineered for high-visibility retail environments, including convenience stores, cafes, and ice cream parlors. Featuring a durable aluminum interior and a heated glass door, it ensures optimal product preservation while preventing condensation. With precise electronic temperature control and a compact footprint, this unit provides an efficient way to showcase frozen desserts and attract customers.

Technical Specifications

Cooling Performance

-18 °C

Minimum Temperature

-25 °C

Maximum Temperature

Electrical Requirements

Parameter	Value
Voltage/Frequency	AC220V 50Hz / AC110V 60Hz
Current	1.6 A
Daily Energy Consumption	1.8 KW.H/24H

Dimensions & Weight

- Internal Dimensions: 320 x 590 x 311 mm
- External Dimensions: 460 x 480 x 915 mm
- Packaging Dimensions: 540 x 500 x 975 mm
- Net Weight: 46 KG
- Gross Weight: 50 KG

Design & Construction

Key Features

Electronic digital display • Adjustable shelves • Lockable door • External condenser • Customizable exterior

Construction Materials

Powder-coated metal shell, Aluminum alloy interior, Copper tube evaporator, Heated glass door

Refrigerant

R134a (80g)
