

Commercial Ice Cream Display Freezer

This commercial ice cream display freezer is designed for showcasing and preserving ice cream products. It features a transparent glass door for easy viewing, adjustable shelves for flexible storage, and an integrated cooling system to maintain optimal temperatures.

Overview

Professional Ice Cream Display Solution

This commercial ice cream display freezer is engineered for optimal product preservation and visibility in retail environments. Featuring a robust compressor-based cooling system, it maintains a consistent temperature range between -25°C and -18°C to ensure product quality. Its compact design and transparent display make it an ideal choice for cafes, convenience stores, and specialized food service outlets.

Technical Specifications

Cooling System	Compressor
Temperature Range	-25°C to -18°C
Refrigerant	R134a
Climate Class	N

Power & Electrical

Power Metrics

116 W

Input Power

Voltage Compatibility	110V/60HZ, 220V/50HZ
