

Commercial Ice Cream Maker with Crusher

This commercial machine makes soft ice cream and crushes ice. It features three dispensing heads, stainless steel construction, a digital display, and caster wheels.

Overview

High-Performance Commercial Ice Cream Solution

This commercial soft ice cream machine is engineered for high-volume production, making it an ideal choice for busy foodservice environments. Featuring a robust stainless steel construction, it ensures durability and ease of sanitation. The unit includes three dispensing heads for versatile flavor options and is equipped with a digital display for precise control, while caster wheels provide the mobility needed for flexible placement in your facility.
