

Commercial Ice Maker for Restaurants and Bars

This commercial ice maker is designed for high-volume ice production in restaurants, bars, hotels, and other commercial settings. Constructed from durable stainless steel, it ensures longevity and easy cleaning.

Product Overview

Commercial Grade Ice Production

This high-capacity commercial ice maker is engineered for the demanding environments of restaurants, bars, and hotels. Built with durable stainless steel, it ensures long-term reliability and effortless sanitation in fast-paced commercial kitchens. The system features fully automatic operation with integrated status monitoring, providing a consistent supply of ice while optimizing workflow efficiency.

Technical Specifications

Indicator System
