Product Overview

Professional Performance

This heavy-duty commercial blender is engineered for high-performance blending and grinding in demanding environments like restaurants and smoothie bars. It features a robust motor and a versatile 15-speed control system, allowing precise texture management for everything from soups and sauces to smoothies. With its durable ABS housing and high-quality 6-blade stainless steel assembly, this unit is built to withstand the rigors of a busy kitchen.

Technical Specifications

Motor Construction	9525 Copper with aluminum (Pure Copper Optional)
Jar Capacity	2 L
Speed Control	15
Blade Material	Stainless Steel
Blade Count	6

Features

Control Interface

- ON/OFF Switch
- Variable Speed Dial (1-15)
- Pulse Function

Design Features

Spill-proof lid • Removable lid plug • ABS Housing • Transparent Jar

Key Functions

Juice Maker, Chopper, Salad Shooter, Ice Cream Maker, Food Processor, Grinder
