Overview

Professional Beverage Dispensing Solution

This commercial juice dispenser is engineered for high-volume environments, featuring a durable, food-grade high-density PC barrel that is crack-proof and easy to clean. Equipped with an encircling stainless steel evaporator, it ensures rapid, balanced cooling for consistent beverage quality. The unit operates quietly at under 55dB, utilizing an energy-efficient closed compressor system to provide reliable performance while maintaining a sleek, professional aesthetic with its 304 stainless steel shell.

Technical Specifications

Stirring Speed Options	30 RPM, 60 RPM
Refrigerant	R134a (Optional: R290)
Noise Level	55 dB
Power Supply	220~240V/50Hz (Compatible with 220V/60Hz, 110V/60Hz)
