Product Overview

High-Performance Soft Serve Solution

This commercial soft ice cream machine is engineered for high-volume production in demanding environments like cafes, restaurants, and hotels. Built with a durable stainless steel body and professional-grade components, it ensures long-lasting reliability and hygiene. The intuitive digital control interface allows operators to easily manage consistency, cleaning cycles, and automatic operation modes for streamlined service.

Technical Specifications

Core Components

- Imported compressor
- Worm gear reducer motor
- Stainless steel stirrer

Construction Material

Stainless Steel

Operational Features

Available Modes

Stop • Clean • Auto

Control System

Digital Controls, Hardness Adjustment, Automatic Mode, Cleaning Cycle

Feed Mechanism

Gravity Feed

Applications

Ideal For

- Coffee Shops
- Bars
- Hotels
- Restaurants
- Ice Cream Parlors
