

Commuter Motorcycle with Chrome Exhaust

This is a silver and black motorcycle designed for street use. It features a round headlight, standard handlebars, a step-up seat, a chrome exhaust system and black alloy wheels.

Product Overview

Reliable Commuter Performance

This versatile commuter motorcycle is designed for daily reliability and comfort. Featuring a classic aesthetic with a silver and black finish, it combines practical ergonomics like a step-up seat and standard handlebars with modern touches like black alloy wheels. The prominent chrome exhaust system adds a refined visual appeal to this efficient urban transport solution.
