Overview

Compact Air Fryer

This compact air fryer is designed for healthy, efficient cooking using rapid air circulation technology to reduce fat content while maintaining crispiness. It features intuitive mechanical controls, including an adjustable thermostat and a 30/60 minute timer, making it easy to achieve optimal results for frying, baking, grilling, and roasting. With a non-stick, detachable frying basket and safety features like overheat protection and automatic power-off, it is a versatile and safe addition to any kitchen.

Key Features

Usability

- Detachable non-stick frying container
- Adjustable thermostat control
- 30/60 minute timer control
- Mechanical knob interface

Safety Features

Overheat Protection, Automatic Power Off, Nonslip Feet, Operation Indicator
