

Compact Auto-Scan FM Radio with Digital Clock

This compact radio features automatic FM scanning and a digital clock. Its small size and headphone jack make it ideal for portable use during sports and other activities.

Product Overview

Compact Auto-Scan FM Radio

This compact and lightweight FM radio is designed for portability, making it an ideal companion for sports, travel, and outdoor activities. Featuring high sensitivity and convenient auto-scan functionality, it ensures reliable reception across the 88-108MHz frequency range. The device also integrates a digital clock, offering added utility in a small, user-friendly form factor.
