

Compact Beverage Display Freezer

This is a compact beverage display freezer designed for commercial use. It features a transparent front panel for showcasing chilled beverages.

Product Overview

Compact Beverage Display Freezer

This compact beverage display freezer is an ideal solution for commercial environments requiring efficient, space-saving cooling. Designed for optimal product visibility, it features a transparent front panel that allows customers to easily view chilled beverages. With manual temperature control and reliable compressor cooling, this unit ensures your products remain at the perfect serving temperature between 0 and 10°C.

Performance & Cooling

Cooling System	Compressor
Temperature Range	0-10°C
Refrigerant	R134a / 40g
Climate Class	N

Electrical Specifications

Power Performance

82 W

Input Power

0.7 kWh/24h

Power Consumption

Voltage Compatibility

- AC110V/60Hz
- 200-240V/50Hz
