

# Compact Bicycle Tire Inflator with Gauge

This compact bicycle pump is designed for on-the-go inflation of bicycle tires. It features an integrated pressure gauge for precise pressure adjustment and a secure mounting bracket.

## ADDITIONAL IMAGES

## Product Overview

### Professional Compact Inflator

This compact bicycle tire inflator is engineered for versatility and precision, featuring a durable alloy construction suitable for both high-volume and high-pressure inflation needs. It includes an integrated, easy-to-read pressure gauge and a dual valve head compatible with Schrader, Auto, and French (Presta) valves. Designed for convenience, the pump comes with a secure mounting bracket and Velcro strap for easy attachment to any bicycle frame.

## Performance Metrics

### Maximum Pressure

**8 bar**

Max Pressure (Bar)

**116 psi**

Max Pressure (PSI)

### Inflation Modes

Mode	Volume per Stroke
High Pressure	24 cm <sup>3</sup>
High Volume	65 cm <sup>3</sup>

## Technical Specifications

Valve Compatibility	Schrader, Auto, French (Presta)
Material	Alloy
Length	27 cm
Nominal Operating Pressure	5.5 bar

## Features & Accessories

### Included Accessories

- Integrated Pressure Gauge
- Bicycle Mounting Bracket
- Mounting Hardware
- Velcro Strap
- Instruction Printing on Tube
