

Compact Bullet Ice Cube Maker

This compact ice maker produces bullet-shaped ice cubes quickly and efficiently. It can make up to 16.2kg of ice in 24 hours and features a full ice basket and water deficiency alarm.

Product Overview

Efficient bullet-ice production with user-friendly control interface.

Compact Ice Making Performance

This portable bullet ice cube maker is designed to deliver reliable ice production in a compact footprint, making it perfect for households, offices, or small events. It features versatile settings with three selectable ice sizes and an intuitive alert system for water deficiency and full bin status. With a rapid production capacity, it ensures a steady supply of ice for all your cooling needs.
