

Compact Clothes Dryer with Timer

This compact clothes dryer features a dual thermal cut-out and a durable metal body. It is equipped with a transparent PVC bag, a 2-hour timer, and a 15-minute cool fan function, with a maximum capacity of 8kg.

Product Overview

Efficient Space-Saving Drying Solution

This compact clothes dryer is engineered specifically for environments where space is at a premium, such as small apartments or utility rooms. Featuring an innovative ceiling-mounted design, it maximizes floor area while providing a fully functional drying system. The unit includes a retractable drying rack protected by a transparent cover, ensuring efficient operation and easy monitoring of your garments.
