Product Overview

Healthy and Efficient Cooking Solution

The HF-5103 is a compact electric air fryer designed for professional-grade performance in a space-saving footprint. Utilizing a rapid air circulation system, it allows for frying with up to 80% less fat compared to traditional methods while significantly reducing cooking time. With its mechanical control interface and robust safety features, it offers a reliable and user-friendly experience for health-conscious consumers.

Technical Performance

Performance Highlights

1350 W Max Power	3.2 L Total Capacity	200 Max Temperature	30 min Timer Limit
----------------------------	--------------------------------	-------------------------------	------------------------------

Power Supply Options

- 120V 60Hz 1200W
- 220-240V 50/60Hz 1350W

Temperature Range	80 -200 (175 -400)
-------------------	---------------------

Capacity & Design

Food Basket Capacity	2.6 L
Control Method	Mechanical version with adjustable timer and temperature dials
Housing Material	PP housing (heat resistant up to 137°C)

Safety & Durability

Safety Systems

- Double protection circuits
- Over-heat protection
- Non-slip feet
- Cool-touch housing and handle
- S/S304 heating element

Operational Life Test

3000 hours

Compliance & Quality
