Product Overview

Versatile Compact Food Chopper

This compact electric food chopper is designed for efficient mincing and chopping of various ingredients, including meat and vegetables. It features a user-friendly one-touch pulse switch and a safe operation touching point for enhanced control during food preparation. Built with a durable ABS motor housing and a transparent 1.2L bowl, it offers a reliable solution for quick kitchen tasks while ensuring safety with an integrated over-heat protection system.

Key Performance Metrics

Performance Highlights

350 W

Rated Power

1.2 L

Bowl Capacity

50 Hz

Frequency

Technical Specifications

Operating Voltage	110-120V, 220-240V
Motor Specification	5425 Motor

Design & Construction

Detailed view of the chopper components including the 1.2L jar, mincing blade, and motor housing dimensions.

Housing Material	ABS Plastic
Bowl Material	Transparent Plastic
Dimensions (L x W x H)	179mm x 148mm x 254mm

Safety & Operation

Safety Systems

- Over-heat protecting system
- Safe operation touching point
- Push-button pulse switch

Certifications & Safety

Over-heat Protected • Pulse Control

Blade Configuration	Stainless steel mincing blade
