Product Overview

Compact and Versatile Cooking Solution

This 2.5L electric pressure cooker is designed specifically for individual use, making it an ideal choice for compact living spaces like dorms or small apartments. With a 600W power output, it efficiently handles a variety of cooking tasks including rice, cereals, baby porridge, yogurt, and steaming. The unit features a user-friendly non-stick inner pot for easy cleaning and a specialized sealing ring for safe, reliable operation.
