

Compact Electric Sandwich Press

This compact sandwich maker is designed for quick and easy preparation of toasted sandwiches. It features a non-stick cooking surface for easy cleaning and even heat distribution.

Product Overview

Compact Electric Sandwich Press

This compact electric sandwich press is designed for professional and home kitchens requiring efficient, quick food preparation. Featuring a non-stick coating and even heat distribution, it ensures consistent browning while simplifying the cleaning process. The unit incorporates safety-focused design elements, including cool-touch handles and pilot lights to indicate power and readiness.

Technical Specifications

Voltage	220-240V
Power Rating	700 W
Slice Capacity	2

Features

Key Functionalities

- Keep warm function
- Non-stick coating
- Easy-clean skin plate
- Safety pilot lights
- Cool-touch handle
- Stand-up storage feature

Design Highlights

Energy Efficient, Compact, Even Browning, Easy Storage
