

Compact Farm Tractor for Agriculture and Landscaping

This compact tractor is designed for various agricultural and landscaping tasks. It features a robust diesel engine, providing reliable power for plowing, tilling, and mowing.

Product Overview

Compact Agricultural and Landscaping Solutions

This series of compact tractors is designed to deliver reliable performance for both agricultural and landscaping applications. Featuring 4x4 drive capability and robust diesel engines, these machines offer the versatility needed for diverse tasks ranging from tilling to property maintenance. With a focus on maneuverability, the compact design allows for efficient operation in confined spaces without sacrificing power.

Performance Metrics

Rated Traction Force

5.4 kN

XT224

6.2 kN

XT244/254

7.5 kN

XT304

Technical Specifications

Detailed Technical Comparison

Feature	XT224	XT244/254	XT304
Wheelbase (mm)	1560	1690	1700
Structure Weight (kg)	1050	1200	1200
Ground Clearance (mm)	245	235	235
Min Turning Radius (m)	4.2	4.5	4.5

Engine Specifications

Engine Models

TY295/KM380, TY2100/KM385, TY2102/JDM390

Max Fuel Consumption

250 g/kW*h

Operational Features

PTO Details

- Dependent type
- Clockwise rotation
- 6 Spline
- 35mm diameter
- 540 rpm

Hydraulic Suspension

I Category, Rear Mounted, Three Point Suspension
