

Compact Fluorescent Lamp

This compact fluorescent lamp (CFL) is designed for energy-efficient lighting. It features a standard screw base for easy installation and a folded tube design to maximize light output.

Product Overview

Compact Fluorescent Lamp Efficiency

This compact fluorescent lamp (CFL) is engineered to provide highly energy-efficient lighting solutions for both residential and commercial environments. Its signature folded tube design maximizes light output while maintaining a compact footprint, making it ideal for various fixtures. Designed for longevity and reduced energy consumption, this bulb serves as a reliable, high-performance alternative to traditional incandescent lighting.

Technical Specifications

Base Type	Standard Screw Base
Design Features	Folded Tube Design, Compact Size, Energy Efficient

Application

Suitable Environments

- Residential Lighting
- Commercial Lighting

Performance

Key Benefits

Long Lifespan • Reduced Energy Consumption
