

Compact Fluorescent Lamp (CFL)

This compact fluorescent lamp (CFL) is designed as an energy-efficient replacement for traditional incandescent bulbs. It features a folded tube design to maximize light output while minimizing size.

Product Overview

Energy-Efficient Lighting Solution

This compact fluorescent lamp (CFL) serves as an energy-efficient alternative to traditional incandescent bulbs. Engineered with a folded tube design, it maximizes light output while maintaining a compact footprint suitable for various fixtures. The inclusion of a standard screw base ensures effortless installation, while its long lifespan and reduced energy consumption make it a practical and environmentally conscious choice for professional applications.

Technical Specifications

Lamp Type	Compact Fluorescent Lamp (CFL)
Base Type	Standard Screw Base

Key Features

Product Advantages	Energy Efficient, Long Lifespan, Compact Design, Environmentally Friendly
