

Compact Folding Bicycle with Step-Through Frame

This compact folding bicycle is designed with a step-through frame for easy mounting and dismounting. It features 20-inch wheels, front and rear fenders, a rear rack, and a single-speed drivetrain, making it suitable for urban commuting.

Product Overview

Urban Commuter Solution

This compact folding bicycle is engineered for efficient urban commuting and convenient storage. Featuring a user-friendly step-through frame design, it offers accessibility and comfort for riders in dense city environments. Its robust steel construction ensures durability, while the integrated folding mechanism allows for seamless transportation and compact storage in tight spaces.
