Product Overview

Versatile Heat Transfer for Small Projects

This compact heat transfer printer is engineered for professional results on uniquely shaped objects, including baby shoes, hats, and stuffed animals. Its portable, lightweight design allows for effortless maneuvering around seams, buttons, and contours, while the ceramic-coated heat plate ensures even, edge-to-edge heat distribution. Equipped with three simple heat settings and essential safety features like an auto-shutoff and insulated base, it is an ideal solution for intricate heat-transfer projects.
