

Compact Household Vacuum Cleaner

This compact vacuum cleaner is designed for efficient household use. It features a rounded design with a prominent nozzle and a dust collection compartment.

Product Overview

Compact Performance

The FJD-910 is a high-performance household vacuum cleaner engineered for effective dirt removal in a compact form factor. Featuring a robust 1400-1600W motor and a 2.5L dust capacity, it provides the ideal balance of power and convenience for residential maintenance. Its lightweight and rounded design ensures easy maneuverability while delivering powerful suction greater than 20Kpa.

Technical Specifications

Power Consumption

1600 W

Max Input Power

Vacuum Pressure	20 Kpa
Noise Level	75 dB
Dust Collection Capacity	2.5 L

Electrical Requirements

Supported Voltages	100-127V, 220-240V
Input Frequency	50/60Hz

Logistics

Container Load Capacity

Container Type	Units per Container
40'HQ	1890
40'GP	1485
20'GP	815

Package Size	430 x 320 x 290 mm
