

Compact Indoor HDTV Antenna

This compact indoor antenna is designed for receiving high-definition television signals. Its small size allows for discreet placement and it supports DVB-T2 standards for optimal digital TV reception.

Product Overview

Compact Indoor HDTV Antenna

This compact indoor antenna is engineered with advanced SMD circuit technology to deliver superior reception for digital, Freeview, and analog TV signals. Featuring a built-in high-gain and low-noise amplifier, it ensures clear signal quality while minimizing interference. Its versatile design allows for horizontal or vertical positioning, making it a discreet and stylish addition to any home entertainment setup.

Technical Features

Circuit Technology	SMD (Surface Mount Device)
Signal Compatibility	HDTV, Digital Terrestrial, Freeview, Analog TV, DAB, FM Radio
Amplifier	Built-in High Gain & Low Noise
Shielding	Yes

Power & Installation

Power Source

- DTV Set-top box
- Included separate power adapter

Design & Aesthetics

Positioning

Horizontal • Vertical

Finish

Shiny Black
