

Compact Induction Lamp

This compact induction lamp offers a long lifespan of 60,000 hours. It is designed for space-saving installation and provides efficient lighting performance.

Product Overview

High-Efficiency Induction Lighting

This compact induction lamp offers a versatile and long-lasting lighting solution suitable for a wide range of industrial and commercial applications. Designed for durability, it features an impressive lifespan of up to 100,000 hours and a 360-degree viewing angle for optimal light distribution. With a wide input voltage range and multiple color temperature options, it provides reliable performance for infrastructure, retail, and public spaces.

Technical Specifications

| | |
|-------------------|------------------------------|
| Input Voltage | 100-300V |
| Lamp Type | Low frequency induction lamp |
| Viewing Angle | 360 degrees |
| Color Temperature | 2700K - 6500K (White/Warm) |

Performance Metrics

Performance Metrics

100000 hours

Max Lifespan

70 Lm/W

Max Efficacy

3 years

Warranty

Lighting Depreciation Schedule

| Time (Hours) | Depreciation |
|--------------|--------------|
| 2000 | 5% |
| 10000 | 15% |
| 60000 | 25% |

Certifications & Compliance

| | |
|----------------|-------------|
| Certifications | CE, FCC, UL |
