

Compact Mini Washing Machine with Timer

This compact mini washing machine is designed for small loads, ideal for apartments and RVs. It features a transparent tub, a timer, and separate controls for washing and spinning.

Product Overview

Compact Washing Solution

This compact mini washing machine offers a highly portable and efficient solution for small-space living, perfect for apartments, dormitories, and recreational vehicles. Featuring a user-friendly transparent tub, it allows for easy monitoring of the cleaning process at all times. The unit comes equipped with integrated timer controls to provide precise management for both washing and spinning cycles.
