

Compact Multi-Purpose Construction Machine

This compact machine combines the functions of a loader, excavator, and bulldozer. It features a front-end loader bucket, a robust chassis, and all-terrain tires.

Product Overview

Versatile Construction Solution

This compact multi-purpose construction machine is engineered to combine the essential functions of a loader, excavator, and bulldozer into a single, efficient unit. Designed for versatility, it features a robust chassis and all-terrain tires that ensure stability and maneuverability across various surfaces. It is an ideal choice for small to medium-sized construction, agricultural, and landscaping projects requiring high adaptability.

Technical Specifications

Primary Applications

- Construction
- Agriculture
- Landscaping

Model	ZL 08 C
Machine Class	Loader, Excavator, Bulldozer

Operational Features

Mobility

All-terrain tires • High maneuverability

Key Equipment

- Front-end loader bucket
- Robust chassis
