Product Overview

Compact Personal Heating Solution

This compact personal fan heater combines a fashionable, versatile design with efficient heating capabilities, making it ideal for desktops or small workspaces. It utilizes advanced PTC ceramic technology to deliver rapid warmth within three seconds without light, smell, or oxygen consumption. With adjustable cold and warm air settings, it offers year-round comfort and includes essential safety features like overheat protection and flame-retardant materials.

Performance & Features

Heating Technology	PTC Ceramic
Heating Speed	3 seconds quick heat
Speed Regulation	3
Airflow Design	Aerodynamic air outlet

Safety & Construction

Safety Features	Overheat Protection, Automatic Power-off, Flame Retardant Material, High Temperature Resistant
Temperature Control	Yes

Design & Portability

Portability

- Lightweight construction
- Groove design for easy carrying
- Compact size

Ideal For

Desktop • Small Rooms • Offices
