Product Overview

Efficient Personal Heating

This compact PTC heater provides rapid and consistent warmth, making it an ideal solution for personal spaces like offices or small rooms. It features a versatile fan/warm/hot wind system with an adjustable thermostat to suit individual comfort levels. Built with a focus on safety, it includes integrated overheat protection and an optional tip-over switch, all housed in a portable design with a convenient carry handle.

Technical Specifications

Frequency

- 50
- 60

Voltage Options

220-240V, 120V

Power Consumption

1500 W

Features & Safety

Heating Modes

Fan • Warm Wind • Hot Wind

Design & Convenience

- Built-in carry handle
- Adjustable thermostat
- Oscillation function

Safety Systems

Overheat Protection, Tip-over Switch, Power Indicator Light
