

Compact Plug-in Space Heater

This compact heater plugs directly into a wall outlet for localized warmth. It features a digital display and front grill.

Product Overview

Efficient Personal Heating

This compact plug-in heater is designed for efficient personal space heating in offices or small rooms. It features a convenient 12-hour timer and an easy-to-read LED display for temperature monitoring. With built-in safety features like overheat protection and a tip-over switch, it provides a reliable and secure heating solution.
