

Compact Portable Clothes Dryer with Adjustable Settings

This compact clothes dryer operates on 220V-240V, 50-60HZ, with a power consumption of 240W. Its compact size of 240x330x320mm makes it suitable for small spaces.

Overview

Compact Portable Drying Solution

This compact portable clothes dryer is designed for efficient moisture removal in household environments. Featuring a unique hexagonal housing and integrated ventilation grilles, it ensures optimal air circulation to improve indoor air quality. The unit is equipped with a user-friendly top-mounted rotary control for easy adjustment of settings, making it an ideal choice for space-conscious professional and domestic applications.
