

Compact Rice Cooker

This compact rice cooker is perfect for small households or individual use. It features a non-stick inner pot and automatically switches to keep-warm mode.

Product Overview

Compact and Efficient Cooking Solution

This multifunctional rice cooker is designed for small households, individual use, or limited kitchen spaces. With a 200W low-power rating and a 0.6L non-stick liner, it offers an efficient way to prepare meals without consuming excess energy. Its lightweight and portable design, combined with simple one-click operation, makes it a hassle-free addition to any kitchen.
